### **Creekside Park Update**

#### Playground Redevelopment:

The Board has awarded the Creekside Park Playground Construction contract to GoodLand Construction, Golden, Colorado. Construction activities are scheduled to begin the week of May 2, with the project anticipated to be substantially complete and open to the public in early fall.

The play fields will remain open during construction, but a detour will be in place as follows:

#### Piney Creek Trail:

In January 2015, the District submitted a joint project proposal to the Cherry Creek Basin Working Group to obtain grant funds to improve two sections of the Piney Creek Trail that regularly become inundated with water and sediment - 1,013 feet of trail near S. Uravan Court, and 277 feet of trail beneath S. Tower Road.

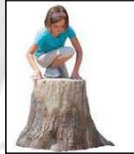

As the improvements to the channel currently underway by Urban Drainage should alleviate the flooding associated with the S. Uravan Court section of trail, the District has modified the scope of work to include only the S. Tower Road portion of trail. Construction on this segment is scheduled to begin mid-June, with the project anticipated to be substantially complete by early July.

Thank you in advance for your patience during the construction process.

Sincerely,

Board of Directors  
Goodman Metropolitan District
