November 21, 2018

Community Update - Central Park Court Improvement Project

The newly constructed pickleball courts and basketball courts are now substantially complete, and will be available to use starting tomorrow, November 22nd. The tennis courts will be fully re-opened then as well. The contractor is still working on the electrical system, so the newly constructed restroom may not be available to use until next week. We are working to open the restroom as soon as possible. As the contractor is still working in and around the site, please exercise caution when using the court improvements and avoid any areas with temporary fencing. Next spring, the contractor will complete the project with court surfacing on both the pickleball courts and the basketball courts. An illustration of the court improvements can be found below, and any questions may be directed to Casey Lekahal at clekahal@wbapc.com. Thank you for your patience throughout this project, and we hope you enjoy the new courts. Happy Thanksgiving!

Court Area Master Plan Central Park at The Farm
