

Sport Team Use of Community Parks

The District would like to remind residents that Central Park and Highridge Park are not to be used by organized sports teams. The District desires to allow certain Community Parks to be open and available for the use and enjoyment of the community and general public, while allowing other Community Parks to be reserved by Organized Sports Teams. The policy is outlined in the **Resolution of The Board of Prohibiting Use of Highridge Park and Central Park by Organized Sports Teams.**

Goodman Metropolitan District currently allows Organized Sports Teams to reserve fields at Creekside Park in accordance with the District's adopted policies and procedures. A copy of the District's Field Rental Application can be found on the District's website at <http://goodmanmetro.org/parks/>
