### Community Update – Central Park Concrete Work

Site Work at Central Park is expected to commence on Wednesday, April 28<sup>th</sup> through April 30<sup>th</sup> with an expected reopening the park for member use on Wednesday, May 10<sup>th</sup>, weather permitting. The below map shows three areas marked in red that will have crusher fine removed and concrete pads installed. While the work is being completed temporary fencing will be installed and the gaga ball pit will be relocated just to the north of the current site, in the turf area.

Any questions regarding this work may be directed to Mark Eames at [corpoffice@pcms.net](mailto:corpoffice@pcms.net)
